The Corporation of the Township of Tehkummah

REPORT TO COUNCIL

FOR MEETING DATE: November 4, 2025

SUBJECT: Tehkummah Memorial Garden Restoration

ACTION / INFORMATION: Resolution

RECOMMENDATION:

WHEREAS The perennial garden situated between Township and Seniors' Hall parking lots has been established by volunteers over many years

AND WHEREAS the retaining walls to the garden need replacement on the west side

THEREFORE, BE IT RESOLVED THAT the \$2,005.87 which remains unused in the former recreation committee bank account be spent to cover the purchase, delivery and placement of a line of limestone rock to function as a new retaining wall on the west side of the garden.

BACKGROUND:

The Tehkummah Triangle Seniors' Club has relinquished responsibility for garden maintenance and new volunteers have begun rejuvenating this established public space.

The original railway ties used for retaining the garden have deteriorated substantially on the west side of the garden; replacing this side with limestone rock will be a decorative and functional solution for both the garden and parking lot definition.

The funds in the recreation committee bank account were raised by Patti McKenzie beginning in 2018 (Council Motion 2018-114). Patti withdrew her name from the committee December 5, 2020. These funds, which were raised for a recreational facility, have remained unutilized for approximately seven years.

Respectfully submitted,

Barbara Grigg
Deputy Clerk

Report to Council

Date: Oct 30, 2025

Prepared by: Andrew Wood Roads Superintendent

Topic: School Bus Signage

Purpose: To obtain directions for the installation of School bus signage

Background:

We have recently received a request for the installation of bus turning signage on the 15th Side Road, to accommodate a school bus pick-up and turnaround near the intersection of 15th Side Road and 4th Concession.

Upon reviewing the location, I have determined that the pick-up area presents a reduced visibility concern, as it is situated on the crest of a hill. To enhance safety for both the school bus operation and general roadway users, I recommend installing two “**Bus Turning/Pick-Up Ahead**” signs at the following locations:

- **Southbound direction:** Approximately 75 meters north of the Government Road and 15th Side Road intersection.
- **Northbound direction:** Prior to the bus pick-up location on 15th Side Road.

This signage will serve to alert motorists of the bus activity ahead, particularly during periods of increased traffic associated with ferry operations. Given the limited sightlines and high traffic volume in this area, I consider this installation a necessary measure to improve roadway and student safety.

Please advise if you require further details or if approval can be granted to proceed with the installation.

Cost of Sign installation.
